During this Hot Summer Season, AC at my office was not giving me cooling even @ 18 degrees. Then I remembered 30 seconds of Mr. Srinivasa Rao of S K Cooling Solutions. He had said that AMC of Air conditioners is very much necessary during summers.

So I gave a Call to Mr. Srinivasa Rao one morning and told him about the problem I was facing. Mr. Srinivasa Rao assured me that he will send his engineer and take care of my problem. The engineer was there within 3 hours at my office and my problem was solved. Now the AC gives more cooling then before even @ 26 degrees.

I appreciate Mr. Srinivasa Rao's promptness in solving the issue and I would recommend his services to all my contactspheres.

Regards

CA Bhavan Mehta
